ISAA's annual legal and legislative update highlights the latest in litigation and liability trends in the ski industry, with a focus on recent cases and emerging issues, as compiled by the leading insurance companies and ASDA attorneys. Dave Byrd, NSAA's Director of Education and Risk Management and the panel, will address legislative issues impacting the industry from Washington, D.C. and across the country, with a special emphasis on OSHA and how to prepare your resort for a visit. We will then take the group through a mock trial to highlight the top 10 key risk management elements for your resort. Ample time will be provided for a robust Q&A discussion.....a don't miss session (Closed session - Ski area and Insurance personnel only)

**3:15 pm – 4:30 pm      Snowmaking & Efficiencies Through Automation      Location: Ski School Locker Room**

Presenters: Ian Jarrett, Vice President of Snow Economics, Inc.  
Geir Vik, CEO of TechnoAlpin

It's time to put your snowmaking efficiencies to work. HKD Snowmakers will present ways to grow the skier base through the thoughtful reinvestment of snowmaking energy cost savings. Techno Alpin will show how to utilize automation for creating greater snowmaking efficiency.

**1:30 pm – 3:00 pm      Gearbox Maintenance and Inspections      Location: Alta Lift Shop & Buckhorn**

Instructor: Michael Weise, Leitner-Poma USA

Gearbox usage, types of gearboxes used, gear ratios, maintenance methods, practices, and inspections.

**WEDNESDAY, JUNE 9, 2010**

**ALTA SKI AREA**

**8:00 am – 4:45 pm      Pisten Bully School\*\*\*      Location: Alta Shop**

--Drive hydraulics, PB 600/400/300/200

--Mercedes engines, PB 600/300/200

--PB 600 rear auxiliary hydraulics and terminal screen \*\*

--Pisten Bully Winch, PB 600/400/300 \*\*

\*\* These two classes will begin after lunch and will run until 4:45 pm. They are specific to the PB 600 and the PB winch so customers who do not own this winch product need not attend unless they wish to do so. We will provide lunch both days.

\*\*\*Please preregister for this class at [PetersonEquipment.com](http://PetersonEquipment.com): Click Here

emphasis will be placed on helmet rental operations, helmet integrity checks, manufacturer demnification programs, and helmet rentals as a profit-center for resorts. The science underlying helmet protection and the limitations of helmets as well as a review of helmet myths, will also be explored. Helmet manufacturers will also be present to address concerns related to helmet rental operations.

**2:00 pm – 4:00 pm                      History and Evolution of ANSI B77-1                      Location: Lift shop and buckhorn**

Instructor: Le Roy Schultz

Discussion of the history and development of the ANSI B77-1 in the ski industry, followed by a 'finding your way' in the ANSI B77-1 codebook.

**2:00 pm – 4:00 pm                      Power Issues                      Location: Albion Grill**

Presenter: Keith Hanson (General Manager Salt Lake County Service Area 3)

Tour the co- generation power plant at the Cliff Lodge and the water treatment and storage facility using former mine tunnels at Snowbird.
